DEPARTMENT/PROGRAM __ Graduate Certificate in RADAR Signal Processing

PROPOSED ACTION (A separate form for each) ADD _____ DELETE _____ CHANGE _____ X

DESCRIPTION (Provide a succinct account of the proposed action. Details should be provided in an attachment. Provide old and new sample programs for curriculum changes.)

We wish to move the administrative home for the RADAR certificate from the former Office of Professional Studies to the Department of Mathematics, to be administered through the same infrastructure as the Mathematics of Advanced Industrial Technology (MAIT) program at the Norbert Wiener Center. The program will remain unchanged, with the same required courses and curriculum

JUSTIFICATION/REASONS/RESOURCES (Briefly explain the reason for the proposed action. Identify the source of new resources that may be required. Details should be provided in an attachment.)

The certificate fits well with the existing MAIT certificate and masters programs. In addition, the course overlap will bolster enrollment for both the RADAR and MAIT programs. No additional resources will be required. Further, consolidation for the administration will minimize overhead.
