**TASK FORCE:  
LONG TERM GRADUATE STUDENT HOUSING PLAN**

**University Strategic Plan Action Item:**

*The University will develop a comprehensive graduate student housing master plan. The aim is to provide access to safe and affordable housing, at least comparable to that of our peers, for all full-time graduate students who want to live nearby.*

**Task Force Objective:**

The Task Force will propose a plan for graduate student housing over the next ten years consistent with the University Strategic Plan. In its proposed plan, the Task Force should:

1. Explore systems for ensuring appropriate graduate student access to beds in the East Campus Development Project, and for enabling colleges to subsidize beds for recruitment purposes.
2. Research and consider options for collaboration between the University and Southern Management for increasing available housing at Graduate Hills.
3. Consult with owner/developer of Mazza property to determine how the University can collaborate with owner/developer to ensure priority for graduate students.
4. Consider incentives that might be used to motivate private developers to generate additional graduate student housing.

**Task Force Membership:**
