What is Degree Navigator?

Degree Navigator is a tool designed to help students and advisors evaluate academic progress towards completion of requirements for graduation. The software is intended as an unofficial guide only; it does not imply degree clearance, nor does it take the place of an official academic audit -- Official audits are conducted by your academic advisor.

Please keep in mind that many factors will impact your unofficial online audit:

- **Transfer courses**: transfer courses may not be calculated into the audit correctly
- **Matriculation date**: program requirements may vary depending on a student's matriculation/major declaration date
- **Exceptions**: any course exceptions granted on an individual basis may not be reflected in this audit.
- **Still in development**: every effort has been made to ensure that the information in the system is correct and complete. However, this software is still in development, and it is possible that inconsistencies exist.

Who can use Degree Navigator?

You may use the personalized features of Degree Navigator to check grades and individual progress if:

- You are an undergraduate student
- You have taken courses sometime within the last year

To log into the system, all you need to do is log into Testudo (by clicking on the "Welcome to Degree Navigator" link below). Testudo allows you to login using either your UID/directory password, directory ID/directory password, or SID/PIN. Once logged into Testudo, you will be taken directly into Degree Navigator.

If you do not know your Testudo login information, you may request to have it sent to you. Please include the following information in your request:

- your full name
- student identification number (SID)
- admission term or dates of attendance

Send your request to:

**email**: pinrequest@www.testudo.umd.edu

**fax**: (301) 314-9568
Thanks for reading.
