Welcome

Welcome to the University of Maryland's office of International Education Services. More than ten percent of the students who enrolled at the University of Maryland (UM) this year came from outside the United States, placing Maryland, for more than 15 years, among the top 20 U.S. universities serving international students. With more than 3,600 international students and 1,100 international faculty and scholars on campus, we have over 150 different countries represented in our university community.

We believe that this rich multi-national, multi-cultural environment benefits the entire campus. International Education Services assists the campus community involved with international educational exchange.
