Welcome! The University of Maryland is one of the nation's most academically challenging and diverse public institutions. Maryland's rich diversity affords students the opportunity to learn more about themselves and the people and cultures that make up the nation and the world. Students can learn about diversity both inside and outside of the classroom. We urge you to take advantage of this great opportunity and to use the staff of Multicultural Involvement and Community Advocacy Team as a resource. We invite you to explore our web site, visit us in room 0110 of the Stamp Student Union, or give us a call at 314-7174 to learn more about diversity and student involvement at the University.

Mission Statement

Multicultural Involvement and Community Advocacy (MICA), is a unit in the Office of Campus Programs. MICA is committed to the creation and maintenance of a campus environment where diversity is valued, identity and culture are affirmed, and individuals feel free to express themselves. MICA has a dual role of empowering and advocating on behalf of minority students and educating majority students to the value and benefits of multiculturalism and diversity. MICA encourages and supports student involvement in culturally specific student organizations and promotes cross cultural involvement opportunities for all students.
